"Lucette bloomed for all she was worth. She sure cuts loose when she starts. Sold most all spikes at wholesale at a time when the ash barrel was getting a big per cent of the cut. I think that every one of those Lucette bulbs made about two bulbs. Friend wife favors Opalescent and I Theda because she is so early and Lucette because she blooms so strong and is so prolific."

CLIFFORD L. JESSUP, Ind.

"The Opalescent bulb you sent me produced wonderful bloom spikes, that could look you right in the eye. Another good point is, it does not blow over easily."—By MRS. ANSON A. SMITH, Watkins, N. Y., RFD No. 2.

LUCETTE (Bill's Origination)
A New Commercial White

As seen growing in the fields Lucette appears to be absolutely pure white, but the backs of petals carry a trace of phlox pink which imparts an alluring orchid sheen to the flowers. The lower petals also have a dainty subdued feather of wonderfully soft phlox pink. As a commercial white it is ideal in color and form.

Rated XXXX by Gersdorff and he scores it 96 Exhibition and 95 Commercial.
